## Local News Items

Mrs. Mae Weed spent Sunday at Tabor in the interest of the Y. L. M. I. A.

Mr. J. W. Hardy, of Salt Lake City, Utah, formerly of Stirling, was in town this week.

Mr. and Mrs. A. M. Hepler and Mr. and Mrs. Fred Burton, of Carleton, were in town on Sunday last.

There were plenty of amusements in town last week. There were three dances and a free concert given at the Knight Academy.

Mr. R. A. Gillies has displayed in his show window a watch that was made in 1871, which was brought over from England by one of the Pilgrims.

A number of juveniles were up before Magistrate Gillies on Monday morning for shooting off fireworks on Sunday evening. They were turned loose after receiving a severe lecture from the Magistrate.

A dance will be given at the Opera House on Tuesday afternoon by the M. I. A. for children. The admission will be 5 cents for all over six years. A dance will also be given in the evening. All are invited to attend.

If you have had trouble with your feet, come in to the Merc and have them made glad in a pair of Slues, Overshoes, Felt, Sheep lined Slues, or Felt Slippers.

The Relief Society will serve a hot chicken dinner on Monday next at the Opera House at twenty five cents a meal, commencing at 12 o'clock, and will also give a dance in the evening.

## A Move on Foot to Repair Roads.

An important step towards the improvement of existing roads in western Canada will be taken on November 3 and 4, when meetings of all interested in this movement will be held in New Westminster, B. C. The meetings are called by Mayor John A. Lee, and will be attended by a large number of the members of the Westminster Automobile Club, the Vancouver Automobile Club, the Victoria Auto Club, the Seattle Automobile Club and other automobile associations.

The Pacific Highway Association will be represented at the meetings by a strong delegation, including prominent San Francisco, Portland, Tacoma, Seattle, Bellingham and Spokane men. These men will come prepared to urge the extension of the Pacific Highway, which now stretches from Vancouver, B. C., to Tijuana, Mexico, a distance of 2009 miles. The scheme favored by the Highway enthusiasts is the building of the Pacific Highway through British Columbia, via Hazelton, and on to the Yukon.

The extension of the Canadian Highway with the object of eventually making it a good road from the Atlantic to the Pacific will also command much of the attention of the meetings. Resolutions asking the Federal Government to assist in this scheme will be introduced during the convention.

Other matters to be discussed include the placing of signs and road markers, the standardizing of legislation regarding the speed of automobiles and the "rule of the road," and the planning of a campaign in favor of better roads.

It is very easy to get bad habits; but the best habit to get is to trade at the Merc.

Mr. Carmichael, of Greta, Man., arrived Friday to take a position on the staff of the Bank of Montreal.

The local barbers have recently installed a hot water system, and in the future will be able to furnish all of the conveniences of a modern barber shop, including baths.

Are you from Missouri? Come in and we will show you that we have the best line of Ladies' Skirts and Coats to be found anywhere at the price. Raymond Mercantile Co.

Pleasing the people has been a trade with the Schubert Symphony Club and Lady Quartette for many years, and their program contains lots of fun of a refined nature, as well as a wealth of fine music. Hear them at the Raymond Opera House on Friday, Nov. 17th.

I have purchased the Lynders formerly owned and run by Long Sing. We guarantee first class work.

Tom Lee.

## SQUARE TIMBER EXPORTED.

Year by year the export trade of Canadian square timber becomes less, due to the inadequate supply of clear timber suitable for squaring and to the increased home demand. From a bulletin shortly to be published by the Dominion Forestry Branch, it will be seen that the exports as given by the Department of Trade and Commerce in 1910 did not amount to eight per cent of the quantities exported from 1871 to 1885, when the trade was at its height and when an average of nearly five hundred thousand tons worth over five million dollars was exported annually. During 1910 thirty-eight thousand tons were exported, or three thousand five hundred tons less than in 1909. Ninety-seven per cent of this went to the United States. An increase in the price per ton of \$5.03 partly compensated for the decrease in volume and made the total value nine hundred and eighty-five thousand dollars or only six thousand dollars less than in 1909. As first quality white pine is the chief species exported in 1910, forming fifty-seven per cent of the total, Ontario is the province mostly drained for square timber exports. White pine commands the highest price of seven exported species, and the 1910 price was \$31.22 per ton, a ton containing approximately 40 cubic feet. Birch was the second species in importance, although the eight thousand tons shipped were worth only one per cent of the 1910 amount. The six thousand tons of elm exported were nearly four times as much as in 1909 and with white pine and spruce made up ninety-five per cent of the exports in square timber. Small quantities of oak, ash, maple and red pine made up the remainder.

## Town Council Meeting.

The regular meeting of the Town Council was held at the Raymond Town Hall on Thursday, October 12th, with Mayor B. S. Young and Councillors Reddon, McDuffee, Card, Hawkins, and Secretary-Treasurer F. T. Holt present.

The By-Law authorizing the issue of nine thousand dollars Debentures was given the third reading and was passed and amended by Law No. 12, concerning the pound, was passed. The Secretary-Treasurer was told to notify the light users that were 15 in number, that unless the electric light bills were paid by November 1st, their lights would be cut out. The Works and Property Committee was authorized to dispose of the Town Wagon Box. The Secretary was told to notify the Knight Sugar Company to erect their street lights from 3rd to 4th Ave. on 2nd South.

The great popularity of the Schubert Lady Quartette is not only their grand voices, but also because they study to please the people. All their encores are either amusing, or artistic arrangements of those sweet old melodies so dear to all American hearts. Hear them at the Raymond Opera House on Friday, Nov. 17th.

## The October Rod and Gun.

On the eve of the opening of the big game hunting season, Rod and Gun in Canada, published by W. J. Taylor, Limited, Publisher, Woodstock, Ont., is to the fore with a plentiful supply of good game hunting stories, covering Canada from the Atlantic to the Pacific. The opening story by Mr. Brimblestone Dale is particularly good, consisting of a fine description of the gallant efforts of a little fawn to escape, its rescue by the sportsman whose boots and stick were aroused by its hopeless struggle, and its capture and revival by the petting showered upon it. The whole narrative makes an irresistible appeal to the highest ideals of sportsmanship and proves a capital opening for a number which includes hunting of many varieties and under widely different conditions. Mr. Starratt's paper on Woodcock Shooting in Nova Scotia is another article which stands out prominently as one which cannot fail to stir the feelings and the memory of all bird hunters and make them live many of their experiences over again. Big game hunting, however, is given the pride of place in this number, and it is a long one, concluding that in many a camp throughout this broad Dominion Rod and Gun will prove not only an acceptable but indispensable companion. Many an important article of the outfit would be less missed than this number. Those who have the arrangement for the coming season's camps so general next month throughout the Canadian woods will please take notice. A wet day in camp can be passed most pleasantly with a copy of the big game hunting number of Rod and Gun in Canada.

## The Juvenile Bostonians here To-Night.

The cleverest youngsters before the public to-day are the Juvenile Bostonians who will appear at the Opera House to-night. The Juvenile Bostonians hardly need an introduction for they are among the best known of the first class attractions, and besides they have the distinction of being the only juvenile organization of the kind in this country. The company is composed of young ladies of the "sweet sixteen" age the oldest being but eighteen; of course there are comely men connected with it, but they are the managers and the stage crew. The direction is in the hands of Mr. E. Lang, who has been making a success of it for eight years. In fact the organization is a company with some of its present members when they were but five years old. Mrs. Lang has turned out a round half dozen of stars from her company and she says there are twice that many this year.

The other day a 15 lb can of axle grease from T. Eaton, addressed to a local farmer, was seen at Strathmore station, with \$1.20 express on it. As 15 lbs of axle grease would only cost \$1.20 at the local hardware store, it is not easy to see where the economy comes in.—Strathmore Standard.

of all, be sure to get the "The Best Good Shoe". Secondly, give your shoes proper attention. They will stand wear but not neglect or abuse. Luxury in the care of footwear is a common fault.

Never dry shoes rapidly when wet. Don't put them where it is too hot, or leave them to mildew where it is damp. Do not wear them continuously day after day. Two or more pairs worn alternately are better for the shoes and for the feet.

A leading Chicago Daily will, in November next, publish several articles on "The Latter-day Saints in Canada." President Bramwell has been asked to furnish photographs of leading Church officials here, as also a cut of the Academy building.

Founder's Day program and dance, on Friday night, gave widespread satisfaction, everybody reporting an excellent time.

The committee on attendance has been busy this week, straightening up records.

Director Ursenbach gave the second of a series of talks, to be given by the faculty, on Tuesday morning at chapel. He spoke of early-day sufferings of the Saints for the Gospel's sake, and closed by remarking that the young people should be "true to the faith that our parents have cherished."

Athletics will open in a short time now. So look out.

"Knight Academy Notes" now appear in the Lethbridge Herald and the Calgary Morning Albertan.

The Academy will dismiss on Monday next for Thanksgiving. Janitor Christian has the trench dug for the water pipes.

Two kitchen cabinets have been put into the domestic science department. Four others will be rushed into completion. For all of which Instructor Pearl Wright is thankful.
